From the Music Staff

From its inception, music has always been central to the Lutheran Church and Martin Luther, himself, felt making fine music available to the public for education and enjoyment was a critical mission of the church. New Hope Lutheran Church shares this passion for music and its continued exposure to the wider public. In keeping with these values, New Hope Lutheran Church is proud to offer ***The Phil Kramer Recital Series*** highlighting the best in local and national talent and the wonderful Parson's Pipe Organ that resides in our Sanctuary.

Tackling such a project is no easy task, nor is it inexpensive. We need your help to present these performances and ask you take a moment and see what we have to offer for the 2015-2016 season and consider making a pledge at one of the specified levels. Thank you for your love of music and for helping us to bring these incredible programs to the community.

With Hope and Joy,

Daniel Sigmon & Michael David Ging
